What is included with Sarraco's inspection?

In accordance with Work Safe BC regulations and standards, a complete mechanical and electrical assessment of your crane equipment will be performed by a friendly and professional Sarraco Crane technician. Upon completion, you will receive a detailed report itemizing the condition of each component. Your binder will be updated and if you don't have one, Sarraco will provide one for you at no additional charge. Our inspection includes the adjustment of brakes, full lubrication on all drum and rope guides, all open gears, and wire ropes. We are fully equipped with scissor lifts and rigging equipment, and we are fully insured for your piece of mind. Need a work safe clearance letter? No problem.

What Happens if Something is Wrong with Our Crane?

With service trucks fully stocked with both common and specialty OEM crane parts, and a warehouse that provides support to our technicians, Sarraco provides 24-7 emergency service to its customers throughout British Columbia. Sarraco Crane will have you up and running seamlessly, saving you costly return visits. We understand your equipment and how to keep things running smoothly and safely. Sarraco can provide you a quotation for any corrective measures from re-fits, replacements, to complete new crane systems. We will happily answer your questions and address your concerns. We believe strongly in the relationships we forge with our customers.

Why Should I Choose Sarraco?

It is so important to Sarraco Crane that YOU – our valued customer - receive unparalleled prompt, professional service with our budget minded competitive pricing. We will assist to ensure that you make the best decision for your company each and every time. Our technicians are certified and qualified to perform your inspections and service. We are proudly Canadian and locally owned. You can place your confidence into our team and rest assured that we will take care of your equipment.
